Per Cent Renewable: Energy Autonomy in Action [Peter Droege] on bongodogdesigns.com \*FREE\* shipping on qualifying offers. The greatest challenge of our time is to build a world based on the sustainable use of renewable power. 1. Our massive dependence on fossil fuels has upset the very climatic system that made human evolution possible. The global economy and its financial system are in jeopardy, running hot on overtly cheap yet increasingly costly and fast depleting oil. A 100% renewable world is seen by many as an impossible dream in anything but the very long term.

A world so overwhelmingly dependent on fossil fuels requires bold ideas, dramatic shifts in thinking, and action without delay. Fortunately we can find examples of this change across the world, at all levels of personal and collective engagement.
