

An Elementary Coptic Grammar Of The Sahidic Dialect

Bone Broth: The Ultimate Beginners Guide To Bone Broth - Learn How To Lose Up To 20 Pounds With Quic, Microeconomic theory (The Irwin series in economics), National Romanticism and Modern Architecture in Germany and the Scandinavian Countries (Modern Archi, York Notes on Jane Austens Mansfield Park (Longman Literature Guides), Brills New Pauly, The Classical Tradition, Index, Of the Orthographie and Congruitie of the Britan Tongue, Lectures On the Rhetoric,

Coptic is the language of the Ancient Egyptians written in Greek letters (with some additions) and though it is no longer spoken it is still the liturgical language of the Coptic Christians of Egypt. It is thus of great interest to those learning ancient Egyptian as well as those who want to study one of the earliest Christian traditions. An Elementary Coptic Grammar of the Sahidic Dialect. That page has expired, or is not available at this time. I wanted to have some facility with these documents in the original, so I purchased C.C. Walters's, An Elementary Coptic Grammar of the Sahidic Dialect, for self-study. In the preface, Walters warns that he intended the grammar to serve a limited purpose: "As its title suggests," he writes, the grammar "does not pretend to be an Reviews: 4.

An elementary Coptic grammar of the Sahidic dialect, by Walters, C. C and a great selection of similar Used, New and Collectible Books available now at bongodogdesigns.com

This well-known grammar, first published in and revised in , does not pretend to be an exhaustive study of the Coptic language, but aims to provide an introduction to the basic structure of Coptic Grammar as succinctly as possible; the dialect chosen for this task being Sahidic, the principle literary tongue.
