The Marine Special Operations School mission is to assess and select personnel for assignment for Marine Corps Forces Special Operations Command (MARSOC) and .

On February 16, , the U.S. Marine Corps activated a battalion of Marines with the specific purpose of securing beach heads, and other special operations. The battalion became the first special operations force of the U.S. The Admiral Makarov, a Russian Admiral Grigorovich-class frigate, is the latest vessel to join Russia's Black Sea fleet. The Black Sea has seen heightened tensions between Russian and NATO forces since Russia's military annexation of Crimea. This is a list of active military units, known as special forces or special operations forces (SOF), that are specially organised, trained and equipped to conduct special operations. These are distinct from special-purpose infantry units such as the Royal Marine Commandos.
