Competition and Entrepreneurship is a book with many interesting insights. Kirzner attacks the use of equilibrium models in mainstream economics, and rightly so. Mainstream economists places great emphasis on equilibrium, but have little to say about how equilibrium is bongodogdesigns.com: 7.

Written the year of Mises's death, this is the book that brought new prominence to the Austrian theory of the entrepreneur. Kirzner views him as the discoverer of opportunities in the competitive process. Competition and Entrepreneurship offers a new appraisal of quality competition, of selling effort, and of the fundamental weaknesses of contemporary welfare economics. Kirzners book establishes a theory of the market and the price system which differs from orthodox price theory.
