The Encyclopedia of Contemporary Jewelry Making Techniques [Vannetta Seecharran] on bongodogdesigns.com *FREE* shipping on qualifying offers. The ultimate guide for the experimental jeweler, this complete how-to offers detailed instructions and clear photographs for working with all kinds of materials. From rubberReviews: 4. The Encyclopedia of Jewelry-Making Techniques is an all-encompassing guide for making beautiful jewelry at home. In a step-by-step approach, readers learn a plethora of techniques for creating intricate pieces of wearable bongodogdesigns.com:

The Encyclopedia of Jewelry-Making Techniques. This is a wonderful book for those who think outside the box. This book covers what the other books only hint at. The author includes a wide variety of jewelry making techniques primarily dealing with metalsmithing. Full color pictures wonderfully illustrate each section. Simple wire projects, such as making jump rings to more advanced techniques such as inlaying are shown and described with enough detail to understand, but not overwhelm the reader/5(7). One of my favorite parts of The Encyclopedia of Contemporary Jewelry Making Techniques is a section at the back called Decorative Effects. It features rows of simple photos of different hammered, stitched, wired, printed, rolled, and other surface applications.
