The War That Never Was details a technically deep story of a Third World War based on a scenario. Most action takes place outside of Europe, in places that books like Red Storm Rising and Ralph Peters' Red Army bongodogdesigns.coms:

Written in a documentary style akin to that of the Newport Papers Global War Game series, The War That Never Was is very light on character development [and characters in general] but describes a globe-spanning modern war with admirable aplomb/5.

The Warsaw Pact general noted the chandelier, which was in one of his country's more luxurious old castles, had been around for centuries, never fallen, and that his own country's president sat under it regularly during high level meetings.

The War That Never Was The War That Never Was. As war threatened Europe in the s, a physicist turned to a psychiatrist to help understand the impending violence.

Set in the year , The War That Never Was is an insightful, gripping, fast-paced account of what happens when top political and military advisers from the United States and the Soviet Union meet to launch the ultimate war game: World War III between the greatest superpowers on Earth. The simulated war begins with a Soviet attack on the German border and escalates until most of today's non-nuclear military technologies worldwide are engaged.
