Founded in his early writings on metaphysics and continuing to his present occupation with inoperativity, Time, Language and Visuality in Agamben's Philosophy forges an original path through Agamben's extensive commentary on the linguistic and the visual to illuminate the recurrent temporal theme of capture and evasion--the cat-and-mouse game-- that bears the foundational violence of not just representation but concept-formation itself. With this incisive critique, Doussan identifies a different tendency in the philosopher's work, an engagement with the problem of time that is inextricably bound up with language and bongodogdesigns.com: Jenny Doussan.
